

Sterile Mouse

Antibacterial Laser Mouse - SF08-10

The dangers of cross infection are not only reserved for keyboards. A computer mouse can be used many times by multiple medical staff members throughout the working day.

Sterile MOUSE-LASER Antibacterial Mouse is a fully sealed, IP68 compliant product that can be washed or wiped with antibacterial/alcohol based agents or with "Chlor-clean" (often used in hospital environments) thus reducing the spread of MRSA, Cdif, Noro Virus, E Coli, Salmonella and Airborne Viruses.
